Filler Aftercare Advice

Thank you for visiting The Filtered Lounge by SL Aesthetics for your filler treatment. To ensure optimal results and your safety, please follow the aftercare advice below.

Immediate Aftercare

- Avoid touching, rubbing, or applying pressure to the treated area for at least 6 hours.
- Avoid strenuous exercise, saunas, steam rooms, and hot baths for 24-48 hours.
- Avoid alcohol for at least 24 hours.
- Do not apply makeup for at least 12 hours.

What to Expect

- Mild swelling, redness, and bruising at the injection sites are normal and should subside within a few days.
- Results may take up to 2 weeks to fully settle.
- If you experience excessive swelling, severe pain, or any unusual symptoms, contact us immediately.

Additional Advice

- Avoid excessive sun exposure, UV light, and extreme cold for at least 2 weeks.
- Avoid facials, facial massages, and other aesthetic treatments on the treated area for at least 2 weeks.
- Attend any follow-up appointments if recommended to assess your results and ensure your satisfaction.

Results & Longevity

- Dermal filler results typically last between 6 to 12 months, depending on the area treated and the type of filler used.
- Regular treatments can help maintain your desired results.
- If you have any questions or concerns, please contact The Filtered Lounge by SL Aesthetics.

We are dedicated to providing you with the highest quality care and results. If you have any concerns or questions, please don't hesitate to get in touch.
